Claire Maries *Pacific Hydro*
Infrastructure for Renewable Energy

Mel Woolcock *BREAZE*
The 100% Renewable Energy Campaign

How can Hazelwood's output, both peak and total, be replaced? Learn how the campaign will position itself into the political lie of the land.

What are the realities, capabilities and limitations of our energy infrastructure? Hear about the barriers preventing change and solutions for moving forward.

How will a grassroots campaign gain the critical mass to influence change? One of the regional organisers outlines the campaign vision, goals and tactics.

WEDNESDAY 21 JULY | BREWERY THEATRE, SMB, LYDIARD ST | 6.45-8.45pm

Tea & Coffee • Q&A time • Entry by gold coin donation
